I am an apprentice in Data Engineering with a clear ambition to work with experts in the field and related. Currently, I am a student, pursuing a Bachelor's Degree in Data Science and analytics. What makes me have an added advantage is my exception prowess in quick learning and I look forward to working and shown through the big world of data science.

Education

Jomo Kenyatta University of Agriculture and Technology

Bachelor's, Data Science and Analytics

Aug 2021 - Present

Certificates

Machine Learning with tensorflow

Free Code Camp
